

Type A

- 
 Endless solar power
- 
 Day/Night Auto-switch
- 
 Rechargeable Li-ion battery
- 
 Outdoor waterproof
- 
 Time control
- 
 High-effecacy LED source

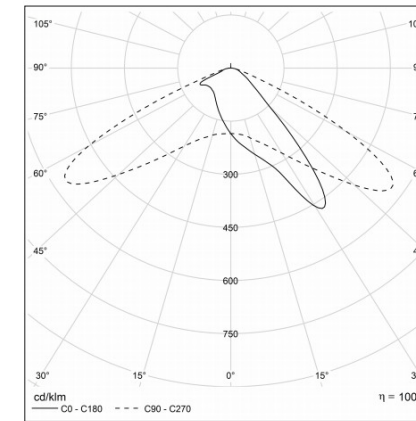

LED Solar Light

We supply the latest all-in-one design solar light, having a long life span that diminishes the need for maintenance and replacement and does not require conduit or wiring.

Our solution offers substantial cost savings since it requires zero energy bill.

It can give any outdoor lighting project the beauty and ambiance of low-voltage outdoor project with the ease and convenience you've never before experienced.

Auto-switch sensor

Motion sensor

Model	Solar light Type A
SPECS	
Solar panel	Peak power 60W / Mono Crystalline solar panels with 25 years time
Battery	12VDC&20-30AH / LiFePO4 Lithium-iron Battery
Lamp	High efficient LED light 20W-30W optional
Controller	Intelligent power control, photocell and motion sensor combined with step light output
Performance	Photocell for automatic switch Multi-brightness adjustable in different working hours Motion detection for 100% brightness, dimming mode when motion disappears. 6 hours lighting per night, 2-4 days continuous cloudy days backup

Note:
Specifications can be changed accordingly to meet project requirements

LED SOLAR LIGHT

Type B

- 
 Endless solar power
- 
 Day/Night Auto-switch
- 
 Rechargeable Li-ion battery
- 
 Outdoor waterproof
- 
 Time control
- 
 High-effecacy LED source

Model	Solar light Type B
SPECS	
Solar panel	Peak power 60W / Mono Crystalline solar panels with 25 years time
Battery	12VDC&20-30AH / LiFePO4 Lithium-iron Battery
Lamp	High efficient LED light 20W-30W optional
Controller	Intelligent power control, photocell and motion sensor combined with step light output
Performance	Photocell for automatic switch Multi-brightness adjustable in different working hours Motion detection for 100% brightness, dimming mode when motion disappears. 6 hours lighting per night, 2-4 days continuous cloudy days backup

Note:
Specifications can be changed accordingly to meet project requirements

Type C

- 
 Endless solar power
- 
 Day/Night Auto-switch
- 
 Rechargeable Li-ion battery
- 
 Outdoor waterproof
- 
 Time control
- 
 High-effecacy LED source
